## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 2, 3, 5-34 and 36-45 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reasons for the indication of the allowability of claims 2, 3, 5-34, 36, 37 and 39-46 are:

Regarding claims 44, 2, 3 and 5-29, the prior art does not teach or fairly suggest in combination with the other claimed limitations a device for covering and sealing a hole provided for leading cables through a wall; wherein at least one of the bushes insertable in the respective frame opening is fixable in place in the insertion direction frame opening is fixable in place in the insertion direction near side wall delimiting the frame opening; each side wall comprises a catch depression for accommodating catch organs projecting laterally partially above the bush surface.

Regarding claims 30-34, 36, 37, 40-43 and 46, the prior art does not teach or fairly suggest in combination with the other claimed limitations a bush comprising two bush halves that face one another on the side of the passage opening and mutually complement one another, which have a catch organs on sides facing away from one another, in each instance.

Regarding claims 45 and 39, the prior art does not teach or fairly suggest in combination with the other claimed limitations a bush having a central portion forming two wall parts of unequal thickness and two catch organs that projects beyond the bush surface toward opposite sides, which can engage into catch depressions in the side walls of the frame openings.

These limitations are found in claims 2, 3, 5-34, 36, 37 and 39-46, and are neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
